Essence: Sweet children, churn the ocean of this knowledge and find different ways to do *service* so that everyone can receive the Father's introduction.

Question: What method does the Father show each of you children so that you can make your fortune elevated?

Answer: If you want to make your fortune elevated, remove all the dirty, bad habits from within you. To tell lies and get angry are very bad habits. Have a keen interest in doing *service*. Just as the Father serves whilst being egoless, in the same way, keep yourself as *busy* as possible doing spiritual service to benefit others.

Song: To live in Your lane and to die in Your lane.

Om shanti. You sweetest, spiritual children have to understand and explain this first *point* of who the Father is. Only when you have the faith that you are the children of the unlimited Father can you children *feel* supersensuous joy. That is all. The mercury of happiness rises with just this one aspect. This is a *point* for permanent happiness. You know that you call yourselves Brahma Kumars and Kumaris. This is a new creation. So, first of all, all of you have to have the faith that that One is your Father. Below the Father, there is Vishnu (in the picture of the Trimurti). You receive the inheritance of the land of Vishnu from the Father and so you should therefore have so much happiness. Inspire others to have this faith and make them write it down. They even say that Vishnu means a Vaishnav. The people of Bharat know very well that the deities were viceless. In heaven they had a pure household path. They sing: You are completely viceless and we are vicious. In the golden age, all are completely viceless, whereas in the iron age all are completely vicious. Those who indulge in lust are said to be impure and corrupt. An angry person wouldn't be said to be impure or corrupt; sannyasis too have anger. So, first of all, give the introduction of the Father. When the highest-on-high Father comes in Bharat, this great war definitely takes place because the Supreme Soul comes to take you from the impure world to the pure world. The bodies are to be destroyed. There has to be the faith that the Father is teaching us. Therefore, you have to be very *regular*. This is not a *hostel* here. If a *hostel* were to be built, many buildings would be required. Even if people come for four days or seven days, many buildings will be required. The Father says: Live at home with your families and simply remember Baba. That's all. Baba alone is the Purifier. The Father says: Remember Me and I *guarantee* that all your sins will be absolved. First of all, make them write that they truly are the children of Shiv Baba and that they then claim a right to be the masters of the world. All the kings, queens and subjects are the masters of the world. Baba gives *directions* to all those who explain at the fairs and exhibitions: The main thing to explain is that God, the Highest on High, is only the One and that He alone is the Ocean of Knowledge and the Purifier. Since He is the Ocean of Knowledge, it is definitely He who would give *directions*; Krishna cannot give them. No one, apart from Shiv Baba, can be God. Brahma, Vishnu and Shankar are deities. In heaven, there are human beings with divine virtues whereas here, in the iron age, there are human beings with devilish traits. This has to be explained to them later. First of all, give them the Father's introduction and make them sign that they have understood. Find many different ways of churning the ocean of this knowledge and then tell Baba: Baba, they ask these questions and this is what we explained. Baba will then tell you a *point* that will make an impact on them. To say that Baba is omnipresent or that He incarnates in a crocodile and a fish is also defamation. This is why you have to give Baba's introduction. Baba alone makes you into the masters of the world. This Lakshmi and Narayan were the satopradhan masters of the world. Then, by taking rebirth, they became tamopradhan. The Father now says: Remember Me and you will become satopradhan. No matter what religion someone belongs to, the Father's message is for everyone. He is called *God, the Father*, the *Liberator*. He would definitely come in the impure world to *liberate* you. At the end of the iron age, the whole world is tamopradhan. Only when everyone becomes satopradhan can they go to the new world. Those who don't go there will stay in the land of peace. Make this firm in their intellects so that they understand that they have to remember that Father. You mustn't remember bodily beings. The Father is bodiless and without an image. All others have many different images. You must be interested in explaining to others. Many people come to the exhibitions, but not as many come to the *centres*. By remaining busy doing *service*, you children will have a lot of enthusiasm. Here, you repeatedly forget the Father. If you kept yourself busy doing *service*, you wouldn't forget the pilgrimage of remembrance; you would stay in remembrance yourselves and you would also remind others to remember Baba. You children are studying. It is in your intellects that you will definitely claim the kingdom. Even by remembering this much, you experience happiness. By forgetting it, you become anxious. Write to Baba: Baba, I am experiencing supersensuous joy. However, there is now only a short time left before we go to our land of happiness. We were very ill for 63

births and had no medicine and so we became diseased. No one was able to look after us and the illness therefore became deep rooted. This illness is such that no one, apart from the eternal *Surgeon,* can help you become free from it. It is now the *time* for everyone to become free. You will become pure and go to the land of liberation. Some say: It is good to remain in liberation. They don't have any *part*. Someone who has a very small *part* in a play wouldn't be called a *hero* or *heroine* or a leading actor. The Father explains: Remember the Father as much as possible and become strong. You mustn't forget to remember the Father. The Father is the principal One. All of these smaller pictures are also for explaining to others. Use these pictures to prove that Shiva and Shankar are not the same. Nothing happens in the subtle region. You now understand that all of that is of the path of devotion. Only the one Father gives this knowledge. Be assured that He gives it at the confluence age. The people of Bharat receive the inheritance of heaven every cycle. This is a matter of 5000 years, whereas they speak of hundreds of thousands of years. They say that the iron age alone is hundreds of thousands of years, whereas we say that the whole cycle is just 5000 years. They have told such a big lie. They call out: O Purifier! Shri Krishna cannot be called the Purifier. No one of any religion would say that Shri Krishna is the *Liberator*. When people call out "O Purifier", their intellects go up above, yet they don't understand it. There is so much darkness of Maya. Everyone is under a misunderstanding. They say that the scriptures are eternal. However, they do not exist in the golden and silver ages. This study is such that you can sit in *class* and study it even when you're unwell. You cannot make excuses here. Some cows are very good, whereas others would even kick you. Here, too, those under the influence of arrogance, who have anger, would even kick others. They would do *disservice*. Let there not be any defects. However, the karmic bondages are such that they don't allow you to claim a high status. The Father shows you the way to make your fortune elevated, but if some of you don't create your fortune, what can the Father do? The income is huge. Have the intoxication that you are earning an income. What would be the consequence if you didn't earn an income? That would become your state every cycle. The Father cautions everyone. He isn't *insulting* you. You children must not have any dirty habits. It is very bad to tell lies. Serve the yagya with happiness. When you come to Baba, Baba signals you to do *service*. You must definitely *serve* the One who is feeding you. The Father teaches you how to serve. Look how much service the highest-on-high Father does. You might even have to do some work that you didn't do before you came onto the path of this knowledge. You have to become egoless to that extent. You mustn't perform any actions against the rules. In order to benefit others, do everything with your own hands as much as possible. If you get someone else to do something for you under desperate circumstances, that is a different matter. Make yourself egoless and free from attachment. No one can benefit without having remembrance of Baba. The more you remember Him, the purer you will become. It is only in having remembrance that there are obstacles. There aren't as many obstacles in this knowledge. There are many *points* of this knowledge. By remembering the Father, you will become fragrant flowers, but if you remember Him less, you will become less fragrant flowers. Some are even like uck flowers. Therefore, you should make yourself into a fragrant flower. Let there not be any bad odour. You souls have to become fragrant. It is a *wonder* that such a tiny point has all of this knowledge recorded in Him. There is just the one world; there is no world up above or down below. You understand the meaning of the Trimurti. They have named a road "Trimurti Road". Some refer to Brahma as Trimurti. They know nothing of his *biography*. In the scriptures, they have written biographies of elevated beings. Lakshmi and Narayan, Radhe and Krishna, etc. are all human beings, but the biographies of others would not be called scriptures. The biographies of the deities are referred to as scriptures, but where is the biography of Shiv Baba? He is incorporeal. He Himself says: I am the Purifier. Everyone calls Me, the *Father*. I come and establish heaven. Bharat was heaven 5000 years ago. It now has to become that again. This is so easy to understand, but they have such stone intellects that the locks just do not open. The locks to this knowledge and yoga are closed. The Father says: Give every home the message that the Father is the Highest of all. The *first floor* is the incorporeal world, the *second floor* is the subtle region and the *third floor* is this corporeal world. If you children were to remember these *floors,* you would definitely remember Baba first. You should run to do *service*. Baba doesn't forbid you to go anywhere. You may go to weddings and on pilgrimages, but go to do *service*. You can give talks and say: This one is the spiritual pilgrimage whereas that pilgrimage is physical. You continue to receive many *points*. Go to the gatherings of retired people and serve them. Listen to them and see what they say. Also have leaflets with you. Four to five main things should be written down: "God is not omnipresent". "Shri Krishna is not the God of the Gita". Write this down very clearly so that anyone who reads it would understand that this is the truth. You need to be very about this. Baba also tells you about the Trimurti: Continue to take this picture out of your *pocket* every so

often and look at it. Explain to anyone: This is Baba and this is the inheritance. The picture of Vishnu is also good. You can also do *service* on *trains*. Remember the Father and you will become the masters of the world. A lot of *service* can be done. However, no one has that wisdom. A lot of effort has to be made. You mustn't be lazy on this battlefield. Remain very cautious. A lot of *service* can take place in the temples. Baba says: Manmanabhav! That's all. Become satopradhan from tamopradhan. You have to ensure that the main things are instilled in them. You children need to be very concerned about doing *service*. All of this knowledge is merged in the picture of the Trimurti. The picture of the ladder is also very good. Everyone wants to make progress in order to earn money. Teach these methods even to small children, so that everyone will thank you and say, "It is a wonder of the Brahma Kumars and Kumaris that even young children give knowledge which none of the sannyasis, etc. can give." When people receive these things for free, they will realise that you are giving them for their benefit. Tell them: This is *free*, with no charge. You may read it and benefit yourself through it. Shiv Baba is the Innocent Treasurer. There are many children. Why would the Father need payment? You can do a lot of *service* on *trains* too. If you see a good person, explain to him and give him a picture. Tell him: Benefit yourself and then also benefit others. Achcha.

To you sweetest, beloved, long-lost and now-found children, love, remembrance and *good morning* from the Mother, the Father, BapDada. The spiritual Father says namaste to you spiritual children.

Essence for dharna:

1. Don't do anything against the rules. Remain very egoless and free from attachment. As much as possible, do everything for yourself. Do *service* of the yagya in great happiness.
2. Never make excuses for not studying. Definitely study even when you are ill. In order to remain enthusiastic, be interested in doing *service*.

Blessing: May you give respect to everyone with your stage of humility and remain constantly stable in your self-respect and so become worthy of respect and worthy of worship.

The Father's praise is your self-respect. Remain stable in this self-respect and you will become humble and automatically continue to receive respect from everyone. You do not receive respect by asking for it, for it is by giving respect, by being stable in your self-respect and renouncing respect that you receive the fortune of being worthy of respect and worthy of worship, because to give respect is not giving it but receiving it.

Slogan: As well as being one who knows everything, become someone who does everything and who continues to distribute the prasad (holy food) of experience to weak (powerless) souls.

Avyakt signal: Experience the complete and perfect stage, the same as Father Brahma.

Let no type of bondage of the body, relations or possessions attract you. Only such liberated souls are able to experience the karmateet stage, the complete and perfect stage equal to that of the Father. For this, practise being a karma yogi one moment and be in the karmateet stage the next. Let no action tie you in its bondage.
