

Essence: Sweet children, the One whom you have been praising until today is now in front of you, and you should therefore constantly dance in happiness and not experience sorrow about anything.

Question: What will the effort-making children definitely check in their hearts?

Answer: Whether there is still any large or small thorn in oneself, the soul. The thorn of lust is the sharpest of all. The thorn of anger is also very bad. Deities never become angry. Therefore, sweet children, if there are any thorns, remove them. Don't cause yourselves a loss.

Song: You are the Mother and the Father.

Om shanti. You sweetest, spiritual children heard the praise of the Father. There, they continue to sing this, whereas here, you are receiving the inheritance from that Baba *practically*. You know that Baba is making Bharat into heaven through us. Those through whom He is making it into that will definitely become the masters of that land of happiness. You children should experience a lot of happiness. The praise of Baba is infinite and we are receiving our inheritance from Him. There are now the omens of Jupiter, not just over you children, but over the whole world. Only you Brahmins know this. There are the omens of Jupiter over Bharat in particular and the world in general because you are now becoming 16 celestial degrees full. At this time, you have no degrees left. You children should have a lot of happiness. It shouldn't be that you have happiness here, but, that as soon as you go outside, it disappears. The One whose praise you have been singing is now present in front of you. Baba explains that 5000 years ago too, He went away, having given you the kingdom. You can now see that, gradually, everyone will continue to call out. All your *slogans* will emerge. For instance, some people say: There should be one dharma, one kingdom and one language. It is souls who say this. The soul knows that there truly was one kingdom of deities in Bharat. This fragrance will continue to spread. You continue to spread this fragrance. According to the *drama plan*, the signs of war are also just in front of you. This is nothing new. Bharat definitely has to become 16 celestial degrees full. You know that you are becoming 16 celestial degrees full with this power of yoga. It is said: Make a donation and the eclipse of omens will be removed. The Father also says: Donate your vices and defects. This is the kingdom of Ravan, is it not? The Father comes and liberates you from it. The vice of lust is the greatest defect. You became body conscious and you now have to become soul conscious; you have to shed the consciousness of bodies. Only you children understand these matters; the world doesn't understand them. When Bharat was 16 celestial degrees full, it was the kingdom of perfect deities. When it was the kingdom of Lakshmi and Narayan, Bharat was heaven. It has now been eclipsed by the five vices and this is why the Father says: Make a donation and the omens of the eclipse will be removed. It is this vice of lust that makes you fall. Therefore, the Father says: Donate this and you will become 16 celestial degrees full. If you don't donate it, you won't become 16 celestial degrees full. Souls have received their own *parts*. It is in your intellects how great the *parts* are that you souls have. You claim your fortune of the kingdom of the world. This is an unlimited *drama* and there are many *actors*. The *first-class actors* are Lakshmi and Narayan. Lakshmi and Narayan have the *number one parts*. Vishnu becomes Brahma and Saraswati and then Brahma and Saraswati become Vishnu. How they go around the cycle of 84 births is all in your intellects. When businessmen keep their account books, they draw a swastika on them. They worship Ganesh (swastika). This is an unlimited account book. There are four parts in the swastika. Similarly, in Jagannathpuri, they have a pot of rice which splits into four equal parts when the rice is cooked. There, they only offer bhog of rice. Who is now teaching you children? The *most beloved* Father has come and become your *Servant* and is serving you. People say that souls are immune to the effect of action. You now know that you souls have *parts* of 84 births recorded in you. There is the difference of day and night between that and saying that souls are immune to the effect of action. Only when someone sits and understands all of this for a month or a month and a half will these *points* sit in his intellect. Day by day, many *points* continue to emerge. This is like musk; there is no essence in the scriptures. Baba says: Now, remove all of that from your intellects. I alone am the Ocean of Knowledge. When you have this firm faith, you understand that all of that truly is for the path of devotion. Only the Supreme Father, the Supreme Soul, comes while you are degraded and grants you salvation. You can also show this *clearly* in the picture of the ladder. When the path of devotion begins, the kingdom of Ravan also begins. The *episode* of the Gita is now being *repeated*. The Father says: I come every cycle at the confluence age of the cycle. They have then said that He incarnates as a fish and a crocodile. They speak of 24 incarnations. Baba says: You now have the omens of Jupiter over you. I made you into the masters of heaven. Ravan then put the bad omens of an eclipse over you. The Father has now come to make you into the masters of heaven again. Therefore, you shouldn't cause yourself a loss. Businessmen always keep their accounts in

good order. Those who incur a loss are called those with no common sense (“anari”). That One is the greatest Businessman. Scarcely anyone does this business with Him. This is an imperishable business, for all other businesses are going to turn to dust. You are now doing true business. The Father is the unlimited Businessman, the Jewel Merchant and He is also called the Ocean of Knowledge. Look how many people come to the exhibitions. Hardly anyone would come to a *centre*. Bharat is very large. You have to go everywhere. The Ganges of water doesn’t flow everywhere in Bharat. You also have to explain that the river Ganges is not the Purifier. You Ganges of this knowledge have to go there. You continue to hold exhibitions and fairs everywhere. Day by day, very good pictures will continue to be made. The pictures should be so beautiful that, as soon as people see them, they experience happiness and feel that what you are explaining is right. The kingdom of Lakshmi and Narayan is being established. The Brahmin religion is being established. It is you Brahmins who then become deities. You are now making effort. Therefore, ask your hearts: Do I have any small or large thorn inside me? Do I have the thorn of lust in me? Even a tiny thorn of anger is very bad. Deities never become angry. It has been portrayed that destruction took place when Shankar opened his third eye. That is just a false allegation made about Shankar. Destruction has to take place. How could Shankar have a snake etc. in the subtle region? There is no land there for snakes etc. to emerge from. Snakes would not wander around the sky. There are no gardens or snakes etc. in the subtle region or the incorporeal world. All of those things exist here. Heaven also exists here. At this time, human beings are like thorns and this is why this place is called a forest of thorns. The golden age is a garden of flowers. You can see how Baba is creating a garden. He is making you *most beautiful*. He makes all of you beautiful. He Himself is *ever* beautiful. He makes all of you brides, you children, beautiful. Ravan had made you completely ugly. You children should now have the happiness that there are the omens of Jupiter over you. What benefit would there be if you had happiness for half the time and sorrow for the other half? No, you have happiness for three-quarters of the time. This *drama* is predestined. Many people ask why such a *drama* was created. Oh! but it is eternal; the question of why it was created cannot arise. This is the original eternal predestined *drama*. That which is predestined is taking place. No one can receive eternal liberation. This is the eternal world that has been continuing and will continue. Annihilation never takes place. Baba is making the world new, but how much margin is there in that? It is when people become impure and unhappy that they call out. Baba comes and makes everyone's body like the kalpa tree (immortal). When you souls become pure, you receive pure bodies. The Father is making your bodies eternal, that is, you will not experience untimely death for half a cycle; you conquer death. You children should make a lot of effort. The higher the status you claim, the better it is. Each one has to make effort to earn a greater income. Those who gather wood say that if they gathered a lot more wood they would earn a lot more. Some earn by cheating. There is no sorrow there like that. You are now claiming such a great inheritance from the Father. You should examine yourself to see whether you are worthy of going to heaven. (Example of Narad.) They have written many things in the scriptures. Now, put an end to all of those pilgrimages etc. There is also the song: You went around in all directions and still remained distant. The Father is now teaching you such a good pilgrimage. There is no difficulty in this. The Father simply says: Constantly remember Me alone and your sins will be absolved. I tell you a very good method. Children, are you listening? This is My chariot that I have taken on *loan*. This father has so much happiness: I have given my body to the Father on *loan* and He is making me into a master of the world. Its name is Bhagirath, (The Lucky Chariot). You know that *bombs* etc. are being manufactured. There will be fire. They make an effigy of Ravan in order to kill him. Here, there is no question of killing Ravan. On the one hand, there is the killing of Ravan and, on the other hand, the kingdom of Ravan is coming to an end. You children are making effort to go to the land of Rama, and so you have to make full effort. Don’t become thorns. You are Brahmins. Everything for all of you depends on the murli. What would you do if you didn't receive murlis? Don't think that only one person can give knowledge. Anyone can give this knowledge. Very good pictures have now been made with which you can explain to others. You can place these main pictures in your shop and benefit many others. Together with making that deal, also make this deal. This is Baba's shop of the imperishable jewels of this knowledge. Baba is not forbidding you to build houses etc. You may build them, the money would otherwise turn to dust. Why should you not build a house and remain comfortable instead? You should use the money you have. Build houses and also keep some for you yourselves to eat from and also to donate. When the King of Kashmir died, he donated all his *private property* to the Arya Samajis. They do everything for their own dharma. Here, it is not like that. All are children and there is no question of making donations etc. Those are limited donations. I give you the sovereignty of the world. According to the *drama*, the people of Bharat will claim their fortune of the

kingdom. On the path of devotion, businessmen definitely put something aside for a religious cause and they receive a limited reward for it in their next birth. I have now come here *directly*. Therefore, you should use everything you have for this task. I don't want anything. Does Shiv Baba need to build a home for Himself? All of this is for you Brahmins. The wealthy and the poor all live together. So, all of this is for you children. It is seen how someone lives comfortably at home and so all of those facilities have to be given here too. This is why you are told to be hospitable to everyone. If you don't have something, you can be given that. The Father loves you children. No one else can have this much *love*. You children are told so often to make effort. Create different methods for others too. Just three square feet of land are needed for this, where you children can continue to explain. If an important person has a *hall*, tell him: We shall put the important necessary pictures up here and hold *classes* here for two hours in the morning and two hours in the evening and then leave. We will pay for the cost of it and your name will be glorified. Many will come and change from shells into diamonds. Achcha.

To you sweetest, beloved, long-lost and now-found children, love, remembrance and *good morning* from the Mother, the Father, BapDada. The spiritual Father says namaste to you spiritual children.

Essence for dharna:

1. Do true imperishable business with the eternal Father. Together with that business, also give your time to this business. Become a Ganges of this knowledge and purify everyone.
2. The basis of Brahmin life is the murli, which you must listen to and read to others with a lot of love. If you have any thorn inside you, remove it. Donate your defects.

Blessing: May you have merciful feelings and uplift those who defame you with your pure and positive thoughts for them.

No matter what type of soul comes into contact with you, whether satoguni or tamoguni, you are those who constantly have pure and positive thoughts for them, that is, you uplift those who insult you. Never have any vision of dislike towards any soul, because you know that the soul is under the influence of ignorance, that he is without understanding. Have mercy and love, not dislike, for that soul. Souls who have pure and positive thoughts for others never think: Why did this one do this? They would always think of how they can benefit such a soul. This is the *stage* of a well-wisher.

Slogan: Use the power of tapasya to make the impossible possible and become an embodiment of success.

Avyakt Signal: Embrace the spirit of uplifting others and uplift those who have defamed you.

Through being trikaladarshi and remaining fully co-operative with the soul in front of them, while recognising the weaknesses of every soul, they will not imbibe that weakness into themselves, they will not speak about it, but through their benevolent form, they will finish the thorns of weaknesses of all souls. Instead of becoming thorns, they will make thorns into flowers.
