

**Keep your mind clean, your intellect *clear* and experience the *double-light* angelic stage.**

Today, BapDada is seeing children who are the masters of themselves. Self-sovereignty is the birthright of Brahmin life. BapDada has seated every Brahmin on the throne of self-sovereignty. Every Brahmin soul received the right to self-sovereignty as soon as he took birth. The more you remain stable in your stage of self-sovereignty, the more *light* and *might* you experience within yourself.

Today, BapDada is seeing the crown of *light* on each child's forehead. To the extent that you have imbibed *might* within yourself, accordingly, your crown of *light* is sparkling, numberwise. BapDada has given all of you children all powers as your right. Each one of you is a *master* almighty authority, but you become numberwise in imbibing that. BapDada has seen that all of you have the *knowledge* of all the powers, and you have imbibed them. However, there is a difference in one aspect. If you ask any Brahmin soul, they would speak about any power very well. They would also speak about their attainments very well, but the difference is that when a particular power is needed, that power is not available. When the time has passed, you realise what particular power was needed. BapDada is telling you children: Your inheritance of all powers is so powerful that no problem should be able to stay in front of you. You have to become free from all problems. All the powers need to be kept in your awareness so that whatever power is needed at a particular time, it will *emerge* for you to use. In order to do this, keep the *line* of your intellect *clear*. The more *clean* and *clear* the *line* of your intellect is, then, because of your sharp decision-making power, the more you will be able to use the particular power you need at that time. According to the time, BapDada wants to see every child free from obstacles, free from problems and free from having to make laborious (hard) effort. All of you have to become this, so it is essential for you to practise this over a long time. You saw what special sanskar Brahma Baba had: instant donations and great charity. From the beginning of his life, the donations he gave were instant; he put everything into practice instantly. Father Brahma's speciality, his decision-making power, was always very *fast*. BapDada saw the *result*. He has to take everyone back home with Him. All of you are going to accompany BapDada, are you not? Or, are you going to follow? Since you have to go back with Him, then *follow* Father Brahma. In performing actions, *follow* Father Brahma, and in your stage, *follow* the incorporeal Father Shiva. You do know how to *follow*, do you not?

Do you *double-foreigners* know how to *follow*? It is easy to *follow*, is it not? Since you just have to *follow*, all your questions of, "Why?", "What?" and "How?" end. You have all experienced that the basis of wasteful thoughts is "Why?", "What?" and "How?" It is these that become instrumental (for wasteful thoughts). When you *follow* the *Father*, these words will end. Not "How?", but, "Like this". Your intellect immediately *judges*, "Continue in this way. Do it like this." Therefore, BapDada was especially giving this signal to all you children, whether you have come here for the first time or whether you are the older ones: keep your mind clean! Many of you still have small or big stains of wasteful and *negative* thoughts in your minds. Because of these stains there is a halt in the *speed* of your elevated effort, your intense effort. BapDada constantly gives you shrimat. What shrimat does He give you? Constantly to have pure feelings and pure wishes in your mind for every soul. This is a clean mind. Have the attitude of uplifting those who defame you. This is a clean mind. Having wasteful thoughts about oneself or others is not having a clean mind. Therefore, keep your mind clean and your intellect *clean* and *clear*. *Judge* yourself! Check yourself with *attention*, not superficially, "I am all right! I am all right!" No! Think about this and check yourself. Are your mind and intellect clear? Are they elevated? Only when this is so can you make your stage *double light*. This is the easy way to make your stage equal to the Father's. You cannot practise this at the end, you need to practise this over a long time. So, do you know how to *check*? *Check* yourself, not others! BapDada has told you something amusing previously too. The long-distance vision of many children is very powerful, but their short-sighted vision is weak. This is why they are very clever when it comes to *judging* others. Do not become weak when it comes to *checking* yourself.

BapDada has also told you previously that you have now become very firm in thinking of yourselves as Brahma Kumars or Brahma Kumaris. What do you think as you walk and move around? "I am a Brahma Kumari." "I am a Brahma Kumar." "I am a Brahmin soul." Make your awareness and *nature natural* in this way: When you wake up at amrit vela, think, "I am an angel." Make this firm: I, an angel, have entered this corporeal body, according to God's shrimat, to give everyone the message and to perform elevated actions.

As soon as your task is done, stabilise in your stage of peace. Go into your elevated stage. See others in their angelic forms. This attitude of yours will gradually make others into angels. Your vision will create an impact on others. Is it firm that you are an angel? Have you made it firm for yourself, "I am angel"? All of you have received the blessing of being an angel. Can you become an angel? That is, can you become *double light* within a *second*? Can you become this? Do you practise thinking and becoming this in a *second*, not in a *minute*? Not in ten *seconds*, but in one *second*? Achcha, those who can become this in one *second*, not two *seconds*, but just one *second*, clap with one hand (raise your hands), not two hands! Can you become this? Don't raise your hands just like that! You *double foreigners* are not raising your hands. Does this take *time*? Achcha, those who feel that they would like some *time*, those who are not able to become this in one *second*, but would like some *time*, raise your hands! (Many raised their hands.) It is good! However, the examination *paper* at the *last* moment will come in one *second*. So what would you do then? It will come suddenly. It will be of one *second*. It doesn't matter. You raised your hands and you realised this! This too, is very good. However, you mustn't practise under compulsion (because of external situations), but you have to practise it. It is very, very, very essential to practise this. OK! Even then, BapDada will still give you some more *time*. How much *time* do you need? Do you need time up to the end of 2000? All of you have issued a *challenge* for the twenty-first century. You beat those drums. Do you remember this? You issued a *challenge* that either the *golden-aged* world will come or that you will create that atmosphere. You did issue this *challenge*, did you not? Therefore, up to that moment, there is still plenty of *time*. Each of you needs to pay more *attention* to yourself. It is not a question of whether you are able to, but that you have to pay attention to yourself. For instance, how much time does it take for you to come into body consciousness? Two *seconds*? When you come into body consciousness, even though you don't want to, how long does it take? How much *time* does it take? One *second*? Or, is it even less than that? You are not even aware that you became body conscious. Therefore, also practise this. No matter what is happening, no matter what you are doing, you should remain unaware that you have *naturally* become *soul conscious* and are in a *powerful* stage. Let your angelic stage be *natural*. When you make your *nature* angelic, this *nature* will make your stage *natural*. Therefore, after how much time should BapDada ask you again? How much time do you need? Jayanti, speak! How long do you need? Speak on behalf of everyone abroad. How long do you *foreigners* need? Janak, speak! (Dadiji said: It will happen today. It will not be tomorrow.) If it happens today, then all of you have now become angels. Not that you will become this, but that you are this. However, if you are to become this, then when? What sanskar of Brahma Baba did BapDada reveal today? Instant donations, great charity!

BapDada loves every child. Therefore, He thinks that no child of His should become anything less. Why should you become numberwise? It would be so good if all of you became *number one*! Achcha.

### **BapDada speaking to brothers and sisters of the Administrators Wing:**

What *programme* have you created amongst yourselves? Have you created a *plan* for making intense effort through which you elevated souls will be able to take this task into your own hands? You want to transform the world. Therefore, the whole *administration* will have to be transformed, will it not? Have you thought about how this task can be done easily and how it can spread? Have you at least made a plan to give a *message* to the instruments in the big cities *personally*? They should at least understand that transformation can take place through spirituality and that it has to happen. This is why this wing has been created to awaken those of your own profession. Therefore, BapDada is pleased to see the service that this wing is doing. However, He also wants to see the *results* as to the extent to which each wing has served those in their own wing and given them this *message*? Or, have you only awakened them a little? Have you made them into your companions? Co-operative companions? You may not have made them into Brahma Kumars, but have you made them into co-operative companions?

BapDada is saying this to those of all wings. Leaders of religion came, the foremost souls didn't come, but, at least those who did come all came together on one *stage*, and everyone said that we now need to come together and spread the power of spirituality. In the same way, everyone of any wing who has come has to attain three kinds of *results*. First, to what extent has everyone in that profession received the *message*? Second, the *result* that spirituality is seen as necessary and that they too can become co-operative. They won't become *regular students*, but they can be co-operative. Whatever service each of the wings has done until now, like the leaders of religion who came just now, similarly, invite one person from each *wing*. First, do it

in *India*, and you can then do it *internationally*. Let those of all the different *stages* in every wing come together and feel that they themselves should become co-operative. What is the *result* of this type of service from each wing so far? What do you *plan* for the future? If one person from each wing keeps this aim and brings others closer, then all the closely co-operative souls from each wing can come together as a group and the group can then be made larger. When they see one another, they also develop zeal and enthusiasm. They are now all scattered; there are this many in one city, and this many in another city. There are very good ones. However, first, organise a gathering of these souls, and then invite them all to come for a gathering in Madhuban. So, have you made any *plans* such as this? You must definitely have made some. Do you have any such *plans*? Those abroad were also sent a message that there are many who are scattered everywhere. Just look at Bharat alone! Many good souls have emerged in different places, but they still remain incognito. Organise special *programmes* for them all to come together and share their experiences. This will make a lot of difference and bring them closer. There may be five in one wing, eight in another wing, twenty-five to thirty in another wing. Bring them into a gathering like this, and they will be able to make progress. Their zeal and enthusiasm will increase. So, you should now have the *result* of all the wings that have been served until now. So, did you all hear this? Are those from all the wings listening to this? The special ones from each wing who are present today, raise your hand! There are many of you. Therefore, now hand in this *result* as to who and how many co-operate with you and to what extent. You will be told later of a programme you should hold for them. An entertaining *programme* will be made for them. Is this all right?

**Madhuban:** Those from Madhuban should not be idle. Do you wish to be idle? You want to remain *busy*, do you not? Or, do you become tired? You have fifteen days leave every now and then. You have to have this. However, let there also be *programme* after *programme*, so that you maintain your zeal and enthusiasm. Otherwise, Dadi says: When they have no service to do, there is a *complaint*. Should Baba tell you about this *complaint*? Dadi says that all of you want to go to your own towns and villages. You say that you want to go and visit them; that you want to visit them and do some service there. This is why it is good to keep you *busy*. If you remain *busy*, there won't be any conflict. BapDada is giving multimillion-fold congratulations to the residents of Madhuban because of your one speciality. Not even a hundred-fold, but multimillion-fold! For what speciality? Those of Madhuban have such deep love to serve whoever comes that whatever is within them remains hidden. They all seem very avyakt. They seem to be tireless. The *remarks* that those who visit here make when they leave is: Each one here seems like an angel. At that time, you develop special *will power*, so this speciality of yours is very good. You have the sparkle of service. So, BapDada is giving you this *certificate*. You should be given congratulations, should you not? Therefore, at least applaud those from Madhuban! Very good! At that time, even BapDada comes to visit all of you. Not all of you are aware of this, but BapDada does also come to visit you. Therefore, this speciality of Madhuban will increase even more. Achcha.

**Media Wing:** The *media* wing has also started abroad, has it not? BapDada sees that good efforts are now being made on the Media. News from here has begun to come in the newspapers and you serve them with love. At least, you have served them! So, you are receiving the fruit of the effort you have made. Just as you give time to the *TV* people, so you should also especially give time to the newspaper people. It comes every day, does it not? (Sheiluben's lectures). Therefore, this is good *progress*. Everyone has a very good experience when they listen to that. Similarly, let there be an article especially in the papers too, once a week or every other day, saying that it is now the time to increase spiritual power. Make such effort! In fact, you are successful and your *connections* are increasing. Now, perform some wonders through the newspapers. Are you able to do this? Can this *group* do this? Those who are going to do this, raise your hand. When there is zeal and enthusiasm, there is success. Why can this not be possible? Ultimately the time will come when all facilities will be given to you to *use*. *Offers* will be made to you. They will *offer* you these and will want something in return, saying, "Give us something, give us something!" Take our help! At present, you have to tell them, "Be co-operative!" Then, they will ask, "Let us become co-operative with you!" Make this aspect firm: Angel! Angel! Angel! Then see how quickly everything happens. You won't have to chase after them, but they will automatically come chasing you like a shadow. They are waiting simply because your stage is still waiting. Become *ever-ready* and then it will just be a question of turning the *switch* on, that's all! You are doing very well and will continue to do so.

To all the self-sovereign souls everywhere in this land and abroad, who, whether in their physical forms or their subtle forms, are celebrating a meeting, to the special souls who reveal their elevated right in their behaviour and on their faces, to those who *follow* BapDada at every step, to those who constantly keep their minds clean and their intellects *clear*, to the souls who make such natural intense efforts, to the *double-light* children who constantly stay with the Father and will return home together with the Father, BapDada's love, remembrance and namaste.

**Blessing:** May you be one who has unlimited disinterest and who uses all the facilities while being uninfluenced and detached.

To be one with unlimited disinterest means not to be attached to anything and to be constantly loving to the Father. This loving nature makes you detached. If you are not loving to the Father, you cannot be detached and would have some attachment. Those who are loving to the Father remain beyond all attractions, that is, they remain detached. This is said to be the stage of being immune and not one who is going to be influenced by any limited attraction. Those who use some creation or facility while being immune to them are Raj Rishis who have unlimited disinterest.

**Slogan:** When there is cleanliness and honesty in your heart, the Lord is pleased.
